OSRAM

LEDinspect POCKET PRO400

Inspectionlights

Multi-Angle Flex & Twist

High flexibility and diverse adjustment possibilities thanks to multi angle positioning

400 Lumen

Up to 400 lumens and integrated switch for dimming the light

2 in 1 Function

Inspection light & torch light combined in one

2-year-OSRAM guarantee*

Systematic quality assurance measures underpin the premium workmanship and functionality of our products. Innovative technology and excellent quality really pay dividends for our customers.

Product family datasheet

Light is versatile

This high-quality inspection light from OSRAM is designed to illuminate hard-to-reach areas. The POCKET PRO 400 combines a slim design with multi-axis rotation and tilting so that the light can be directed exactly where it is needed. Additionally, the flexible mounting options offer hands-free working. The pocket size with only 6mm depth and the low weight make this inspection light ideal for the workshop. This LED inspection light emits up to 400 lumens. It has a white light with up to 6000K for comfortable working conditions and is therefore designed for wide illumination as well as for the illumination of narrow spaces. The light intensity can be easily adjusted via the on/off switch. In addition, the POCKET PRO 400 has a powerful torch for a concentrated beam of light. It is rechargeable and cordless, with Li-ion battery for constant light output. The lamp has an operating time of up to 3h and a recharging time of approx. 4h. Charging cable and mains plug included. In addition, OSRAM provides a 2-year guarantee on this product*
